STATISTICS BOTSWANA SUSPENDS CENSUS CARTOGRAPHIC FIELDWORK IN GREATER GABORONE

The public is informed that Statistics Botswana has suspended with immediate effect, the 2021 Population and Housing Census Cartographic Fieldwork in Greater Gaborone until further notice. Census Cartographic Fieldwork in other COVID-19 zones is however continuing.

This decision is informed by the lockdown or extreme social distancing in the Greater Gaborone COVID-19 zone which effected from midnight on 12 June 2020 as stipulated in the Botswana Government Gazette Extraordinary Vol. LVIII, No. 57.

Furthermore, the Statistics Botswana Head Quarters in Gaborone is closed until further notice. The Francistown regional office and the Ghanzi and Maun satellite offices however remain open as they are outside of Greater Gaborone.

Statistical Publications and related services will continue to be available through the website, social media platforms, telephone, toll free number and WhatsApp number. Customers requiring more services may use these same platforms to contact relevant experts and officials.
